Some of my accomplishments included overseeing a successful fund-raising drive in that brought in over \$100,000, incorporating the College under the Alberta *Companies Act*, obtaining Charitable Status from CRA, producing audited financial statements for the College's fiscal year, and overseeing the development and release of a new website.

Graduate Assistant, Mack Library

The Mack Library is the primary academic library for the Bob Jones University community. As a graduate assistant, I carried out a number of ongoing duties while also assisting with special projects. My primary task was to abstract and catalog popular and scholarly articles stored in the [Fundamentalism File](#), which is a resource center with over 118,000 items of information classified under 5,000 different subjects. Topics covered in this collection include religion, theology, biblical interpretation, ethics, history, and current events. I assisted students, faculty, and guests with research queries and supervised library student workers on nights and weekend shifts. Some of my projects included organizing, marketing, and teaching instructional workshops on the use of technology in student research; designing an updated web interface for the library catalog; writing a variety of online subject guides; and generating barcode labels for approximately 80,000 items from the Library catalog.
